

## Notice

**TSP Name:** Gulf Crossing Pipeline Company LLC

**TSP:** 828918214

**Category:** Critical

**Post Date/Time:** 03/26/2019 09:50:40AM

**Notice Type Desc:** Operational Alert

**Notice Effective Date/Time:** 03/26/2019 10:00:00AM

**Notice Stat Desc:** Terminate

**Notice End Date/Time:**

**Notice ID:** 5027088

**Response Date/Time:**

**Prior Notice:** 5026821

**Critical:** Y

**Reqrd Rsp Desc:** No response required

**Subject:** System Wide Alert - Conform Receipts to Deliveries

**Notice Text:** Below normal temperatures are expected to move across the Gulf Crossing service area over the next few days. While it is fully expected that all primary firm service obligations will be met, the following services/activities are subject to scheduling reductions until further notice:

Imbalance Payback from Transportation Service Provider  
Park Withdrawal  
Loan  
Interruptible

Additionally, Gulf Crossing is requesting all shippers to balance their transportation and storage contracts by conforming receipts into the system with the deliveries being taken from the system, and to receive and deliver quantities at a uniform hourly rate of flow, pursuant to Section 6.7[1.] and 6.7[2.] of Gulf Crossing's FERC Gas Tariff.

If shippers do not voluntarily comply with these provisions, Gulf Crossing may be forced to declare a Critical Period or issue an Operational Flow Order, which could result in penalties for shippers.

If you have any questions, please contact your customer service representative.
