Subject: Index 130 Pipeline Maintenance (Enterprise Burns Plant Shutdown) (Update)
Notice Text: Update: End date revised

Enterprise Burns Plant will be shutdown for the duration of the maintenance. The plant will not process any gas during this time.

Gulf South will operate in plant by-pass mode for the duration of the outage. As long as Gulf South is able to blend volumes to meet our tariff specifications the locations upstream of the plant will be allowed to remain on line.

If blending is not possible, the following locations will be required to shut in until plant processing resumes. Gulf South Shippers should adjust their nominations accordingly including associated PTR locations:

- SLN 21947 POINT CHEVREUIL SL-18350 #1
- SLN 289 E.I.BLK 32 PLTFM A
- SLN 20841 BELLE ISLE
- SLN 20801 RABBIT ISLAND PRODUCTION
- SLN 23081 BURNS POINT PROCESSING PLANT RESIDUE

Please contact your customer service representative if you have any questions.
